1) Taking courses

① Information for all students (IPC program and SISC program)

Students must obtain a certain number of credits in order to graduate (graduation credits). However, not all courses offer graduation credits. Below are some rules.

- In order to earn graduation credits from courses offered in a program, department, or graduate school different from yours, students need to obtain permission from their supervisor.
- Graduation credits cannot be obtained by taking any language course, including Japanese.

② International Physics Course

(Physics)

A. Master's Program

A Master's degree is awarded to a student who has acquired a total of 30 credits during the Master's program, including no less than 12 credits from courses and 4 Semestral Seminars (offered by their supervisor, for a total of 18 credits).

Permission of one's supervisor is not necessary to obtain graduation credits from courses organized by the Department of Physics, including those organized mainly for doctoral students.

For a student who has shown exceptional research performance, a period of enrollment of only 1.5 years may be deemed sufficient (special permission necessary). Also in this case, the student needs to acquire a total of 30 credits to complete the program, including no less than 16.5 credits of courses and 3 Semestral Seminars for 13.5 credits.

B. Ph. D. Program

One Seminar for Advanced Research in each year and at least two Intensive Lectures (Topical Seminars) are required to complete the Ph. D. program.

※If you have any questions about taking courses, please contact the following members.

Prof. Koshino [koshino@phys.sci.osaka-u.ac.jp]

Prof. Hosaka [hosaka@rcnp.osaka-u.ac.jp]

Prof. Nanjo [nanjo@champ.hep.sci.osaka-u.ac.jp]

Associate Prof. Baiotti [baiotti@ipc.phys.sci.osaka-u.ac.jp]

Office of International Physics Course (IPC) [ipc-office@ipc.phys.sci.osaka-u.ac.jp]

③ Special Integrated Science Course

(Chemistry)

A. Master's Program

Students in the Master's program need to acquire a total of 31 or more credits: 12 or more credits from lectures, 18 credits from Semestral Seminars, and 1 credit from an

Interactive Seminar or an Advanced Chemical Experiment.

B. Ph. D. Program

Students in the Ph. D. program need to acquire a total of 12 or more credits: 2 or more credits from lectures, 9 credits from Seminars for Advanced Research, and 1 credit from an Interactive Seminar for Advanced Research.

(Biological Sciences)

A. Master's Program

Students in the Master's program need to acquire a total of 32 or more credits: 14 or more credits from lectures and 18 credits from Semestral Seminars.

Students are encouraged to take a subject of Science Cores appropriate to each academic year unless they have a special reason not to, such as doing research in a remote area.

B. Ph. D. Program

Students in the Ph. D. program need to acquire a total of 11 or more credits: 2 or more credits from lectures and 9 credits from Seminars for Advanced Research.

Students are encouraged to take a subject of Science Cores appropriate to each academic year unless they have a special reason not to, such as doing research in a remote area. However, credits earned from taking Science Cores cannot be used for fulfilling completion requirements.

(Macromolecular Science)

A. Master's Program

Students in the Master's program need to acquire a total of 30 or more credits: 12 or more credits from lectures and 18 credits from Semestral Seminars.

B. Ph. D. Program

Students in the Ph. D. program need to acquire a total of 11 or more credits: 2 or more credits from lectures and 9 credits from Seminars for Advanced Research.

※If you have any questions about taking courses, please consult with the professor in charge of the curriculum in each department.

2) Registration procedure

Please register online (by using KOAN) for courses.

URL <https://koan.osaka-u.ac.jp/>

No registration and no changes of registration are permitted after the online registration period.

Spring term, Summer term, Spring and Summer terms,

Full-year courses offered from the Spring term through to the Winter term:

Online registration period: Mon. 1 April 9:30 - Fri. 19 April 16:30

Period for cancellation of registration: Tue. 23 April 9:30 - Tue. 30 April 16:30

Course registration confirmation table submission period: Tue. 23 April - Fri. 28 June*

Summer term:

Online registration period: Tue. 4 June 9:30 - Tue. 25 June 16:30

Period for cancellation of registration: Wed. 26 June 9:30 - Tue. 2 July 16:30

Fall term, Winter term, Fall and Winter terms,

Full-year courses offered from the Fall term through to the Summer term:

Online registration period: Fri. 13 September 9:30 - Mon. 14 October 16:30

Period for cancellation of registration: Tue. 15 Oct. 9:30 - Mon. 21 Oct. 16:30

Course registration confirmation table submission period: TBA*

Winter term:

Online registration period: Wed. 27 November 9:30 - Mon. 16 December 16:30

Period for cancellation of registration: Tue. 17 Dec. 9:30 - Mon. 23 Dec. 16:30

*Details will be announced on the notice board.

In order to apply for graduation credits earned by taking courses offered in a different program, department or graduate school other than yours, you need to submit the course registration confirmation table with your supervisor's name seal to the Office of Graduate School of Science. For current students, if you have already earned some credits in previous semesters, please issue the transcript by using the automated certificate issuing machines and show it your instructor when you discuss your completion requirements.

3) Syllabi

The Graduate School of Science posts the syllabi online.

5) Student counseling

Both the Graduate School of Science and the School of Science have a counseling system through which a counselor helps students with various issues and problems regarding their studies, campus life, health, and other matters. If you cannot solve these problems by yourself, counselors in the Graduate School of Science and the School of Science can help you (in addition to your family or your friends). Our counseling service consists of 7 independent sections (see 1 to 7 below). If you have any trouble and don't know what to do, don't hesitate to talk with our counselors. Any consultation sections are OK to contact. All of them will respond appropriately. You can choose any counselor whom you feel comfortable to talk to, regardless of the contents of the consultation.

<https://www.sci.osaka-u.ac.jp/ja/campuslife/studentsupport/>

Besides the consultation contacts of the Graduate School of Science and the School of Science, the University also has a consultation system shown below in 8) ~10). **The consultation is guaranteed to be confidential.**

1. Counselors of the Graduate School of Science and the School of Science

The instructors having the role of a counselor give advice or support to the students in the Graduate School of Science and the School of Science in order to solve any problems. Feel free to talk with any counselor, regardless of the contents, the department or the major. You can contact them by phone and also by email. Just contact them no matter how small your matter is.

E mail : sodan@sci.osaka-u.ac.jp

2. General Counseling Room at the School/ Graduate School of Science

The Graduate School of Science has its own “General Counseling Room,” which is open to all of our graduate and undergraduate students. You can come in and consult with our counselors about any questions, issues, or problems you may have regarding studies, academic subject matters, interpersonal relationships, and other general matters of student life. If you don’t know to whom you should talk or if you don’t even know exactly how to phrase your problem, please come in and start talking to our counselor.

The General Counseling Room is ordinarily open when classes are held (except Fridays). It is located in Room E-217 on the second floor of Building-E of the Graduate School of Science. Counseling may be conducted in a different location. Email counseling and appointments via email are also welcome.

3. Campus Life Support Center

An expert consultant at the School /Graduate School of Science and the School/ Graduate School of Engineering Science provides confidential counseling services for students. The Campus Life Support Center is a place where you can easily talk not only about your worries and problems, but also about your future dreams and your thoughts. If necessary, the Campus Life Support Center can introduce you to other consultation desks and work with them for you. Whenever you need to talk about anything - no matter how trifling it is - please do not hesitate to go to the Campus Life Support Center.

If you make a reservation using a free email address, like Gmail, the reply email from the Support Center may end in your junk mail folder. If you do not receive any reply from the Support Center, please make contact again with another email address. Since the email address of the Support Center is subject to change, please check the website for the current email address.

7. Harassment Counselors

As a part of preventive measures against harassment, we have a special counseling service in the Graduate School of Science and the School of Science. Counselors offer consultations and take care of complaints related to harassment. If

you feel that you are subjected to any harassment, please talk with your friends or your family, and also with the harassment counselors. The counselors will talk with sincerity. Department counselors may refer the case to the University counselor, with the consent of the student, if they consider the case to be more appropriately dealt with by the latter. Feel free to talk with any counselors no matter which department or major you belong to.
