

International Summer Program (ISP) 2022 Online

@Graduate School of Science, Osaka University

Last Updated, June 27, 2022

FAQ (ver. 1)

<Note>

- Here you can see FAQ to the program. For more detailed information, please see overview and our website.

Overview: https://www.sci.osaka-u.ac.jp/en/wp-content/uploads/2020/09/ISP2022_overview3.pdf

Website: <https://eventory.cc/event/isp2022-science-osaka-univ/space>

- **Note that the time zone is Japan Standard Time (JST).**

1. Will participants receive any certificates?

Answer)

No certificate of participation with your name is issued. However, those who participate will have a chance to receive a commemorative gift.

2. Will participants receive any credits?

Answer)

There are no credits.

3. Time zone?

Answer)

The time zone is Japan Standard Time (JST).

4. Are there any eligibility requirements for this program?

Answer)

There are no specific eligibilities for participation in the program. However, this program is designed for overseas university students (undergraduate and master's students) who have sensitivity and intellectual curiosity for mathematics, physics, space geology, chemistry, polymer science, and biological sciences. For more information, please refer to the "Targets" section and the abstracts of the department events in the "Program Contents" section on our website.

5. I was not able to register during the registration period, can I still register?

Answer)

We currently are not accepting registrations.

6. Can you please send the zoom link?

Answer)

We will not send the zoom links of the lectures to the participants directly. You can join the zoom via the specialized website. Please visit the specialized website, find the schedule, and sign up to join via zoom in advance. When it is time to start (e.g., 2 pm, 3:30 pm, and 5 pm (JST)), “upcoming” will be active “JOIN LIVE NOW”, so click on it to enter the ZOOM.
