1) Taking courses

① Information for all students (IPC program and SISC program)

Students must obtain a certain number of credits in order to graduate (graduation credits). However, not all courses can offer you graduation credits. Below are some rules.

- In order to earn graduation credits from courses offered in a program, department, or graduate school different from yours, students need to obtain permission from their supervisor.
- In any case, graduation credits cannot be obtained by taking Japanese language courses in a different department, school, or graduate school.

② International Physics Course

(Physics)

A. Master Course

A master's degree is awarded to a student who has acquired a total of 30 credits during the master course, including no less than 12 credits from courses and 4 Semestral Seminars (offered by their supervisor) for 18 credits.

Permission of one's supervisor is not necessary to obtain graduation credits from courses organized by the Department of Physics, including those organized mainly for doctoral students.

For a student who has shown exceptional research performance, a period of enrollment of only 1.5 years may be deemed sufficient (special permission necessary). Also in this case, the student needs to acquire a total of 30 credits to complete the program, including no less than 16.5 credits of courses and 3 Semestral Seminars for 13.5 credits.

B. Doctor Course

One Seminar for Advanced Research in each year and at least two Topical Seminars are required to complete the doctor course.

※If you have any questions about taking courses, please contact the following members.

Prof. Hosaka [hosaka@rcnp.osaka-u.ac.jp]

Prof. Koshino [koshino@phys.sci.osaka-u.ac.jp]

Associate Prof. Baiotti [baiotti@ipc.phys.sci.osaka-u.ac.jp]

Office of International Physics Course (IPC) [ipc-office@ipc.phys.sci.osaka-u.ac.jp]

③ Special Integrated Science Course

(Chemistry)

A. Master's Program

Students in the master course need to take a total of 31 or more credits: 12 or more credits from lectures and 18 credits from Semestral Seminars, and 1 credit from Interactive Seminar or

Advanced Chemical Experiment.

B. Ph. D. Program

Students in the doctor course need to take a total of 12 or more credits: 2 or more credits from lectures and 9 credits from Seminar for Advanced Researches, and 1 credit from Interactive Seminar for Advanced Research.

(Biological Sciences)

A. Master's Program

Students in the master course need to take a total of 32 or more credits: 14 or more credits from lectures and 18 credits from Semestral Seminars.

Students are encouraged to take a subject of Science Cores appropriate to each academic year unless they have a special reason not to, such as doing research in a remote area.

B. Ph. D. Program

Students in the doctor course need to take a total of 11 or more credits: 2 or more credits from lectures and 9 credits from Seminar for Advanced Researches.

Students are encouraged to take a subject of Science Cores appropriate to each academic year unless they have a special reason not to, such as doing research in a remote area. However, credits earned from taking Science Cores cannot be applied to completion requirements.

(Macromolecular Science)

A. Master's Program

Students in the master course need to take a total of 30 or more credits: 12 or more credits from lectures and 18 credits from Semestral Seminars.

B. Ph. D. Program

Students in the doctor course need to take a total of 11 or more credits: 2 or more credits from lectures and 9 credits from Seminar for Advanced Researches.

※If you have any questions about taking courses, please consult with the professor in charge of the curriculum in each department.

2) Registration Procedure

Please register online (by using KOAN) for courses.

URL <https://koan.osaka-u.ac.jp/>

No registration or changes of registration is permitted after the online registration period.

Spring term, Summer term, Spring and Summer terms,

Full-year courses offered from the spring term through to the winter term:

Online registration period: April 6 (Thu) 14:00 – April 21 (Fri) 16:30

Cancellation period of registration: April 24 (Mon) 9:30 - April 28 (Fri) 16:30

Course registration confirmation table submission period: April 24 (Mon) - June 30 (Fri)*

Summer term:

Online registration period: June 6 (Tue) 9:30 – June 19 (Mon) 16:30

Cancellation period of registration: June 27 (Tue) 9:30 - July 3 (Mon) 16:30

Fall term, Winter term, Fall and Winter terms,

Full-year courses offered from the fall term through to the summer term:

Online registration period: September 15 (Fri) 9:30 - October 16 (Mon) 16:30

Cancellation period of registration: October 17 (Tue) 9:30 - October 23 (Mon) 16:30

Course registration confirmation table submission period: TBA*

Winter term:

Online registration period: November 27 (Mon) 9:30 - December 8 (Fri) 16:30

Cancellation period of registration: December 18 (Mon) 9:30 –December 22 (Fri) 16:30

*Details will be announced on the notice board.

In order to apply the credits earned by taking courses offered in the different course, departments or graduate schools other than yours to your completion requirements, you need to submit the course registration confirmation table with your supervisor's name seal to the Office of Graduate School of Science. For the current students, if you have already earned some credits in previous semesters, please issue the transcript by using the automated certificate issuing machines and show your instructor when you discuss about your completion requirements.

3) Syllabi

The Graduate School of Science posts the syllabi online. Please visit our website at the URL address below for more information:

5) Student Counseling

Both the Graduate School of Science and the School of Science have a counseling system through which a counselor helps students with various issues and problems regarding their studies, campus life, health, and other matters. If you cannot solve these problems by yourself, counselors in Graduate School of Science and School of Science can help you besides your family or your friends. Our counseling service consists of 1)-7) independent sections. If you are carrying any trouble and don't know what to do, don't hesitate to talk with our counselors. Any consultation sections are OK to contact. All of them will respond appropriately. You can choose any counselors whom you feel easy to talk to, regardless of the contents of a consultation.

<https://www.sci.osaka-u.ac.jp/ja/campuslife/studentsupport/>

Besides the consultation contact of Graduate School of Science and the School of Science, the University also has a consultation system shown in 8)~10).

The consultation is guaranteed to be confidential.

1. Counselors of Graduate School of Science & School of Science

The instructors having a role of a counselor give advice or support to the students in Graduate School of Science and the School of Science in order to solve any problems. Feel free to talk with any counselors regardless of the contents of the department or major. You can contact them by phone and also by E-mail. Just contact them no matter how small your matter is.

2. General Counseling Room at School/ Graduate School of Science

The Graduate School of Science has its “General Counseling Room,” that is open to all of our graduate and undergraduate students. You can come in and consult to our counselors about any questions, issues, or problems you may have regarding studies, academic subject matters, interpersonal relationships, and other general matters of student life. When you don’t know to whom you should talk or when you don’t even know exactly how to phrase your problem, please come in and start talking to our counselor.

The General Counseling Room is basically open when classes are held (except Friday). It is located at Room E-217 on the second floor of Building-E of the Graduate School of Science. Counseling may be conducted in a different location. E-mail counseling and the appointments via E-mail are also welcome.

3. Campus Life Support Center

An expert consultant at School /Graduate School of Science and School/ Graduate School of Engineering Science provide confidential counseling services for students. Campus Life Support Center is a place where you can easily talk not only about your worries and problems, but also about your future dreams and your thoughts. If necessary, Campus Life Support Center can introduce you to other consultation desks and work with them for you. Whenever you need to talk about anything - no matter how trifling it is - please do not hesitate to come to the Campus Life Support Center.

If you make a reservation by free mail e.g. Gmail, the reply mail from the Support Center may be sent to junk mail folder. If you do not receive any reply from Support Center, please contact again with another email address. Since Email address is subject to change, please check the website for the latest Email adress.
