

ISP (International Summer Program) Online Planning Part 1

Science Buddy's YouTube live was held on July 19th as one of the ISP events.

It was quite successful thanks to all students who cooperated in this organization.

We were happy to have many comments and questions during the live.

If you haven't watched it yet, check out ↓ why not?

ISP (International Summer Program) Online Planning Part 2

We held an interactive Zoom session for ISP!

Hopefully it was a precious time for participants to talk with other participants in ISP.

We enjoyed topic roulette, Handai quiz and travel quiz so much.
