Winter Bus Tour for International Students

GSS international students enjoyed playing in the snow like making sledding and snowballs at Rokko Snow Park .

The nationalities of the participating students vary from Indonesia, Vietnam, Brazil, India, Singapore, Egypt, Taiwan, Germany, China and Malawi.

For many students, this's new to play in the snow, so they struggled to round the snowman, made pyramids, and played with snow as they wished.

It became a good opportunity to refresh themselves, away from daily stoic research.
