

## ANNOUNCEMENT

Department of Mathematics will accept only EJU, IB and GCE A-Level for the standardized tests from the entrance admission of 2025. Applicants of Department of Mathematics must choose one of the following:

- (i) Examination for Japanese University Admission for International Students (EJU). Required subjects are Mathematics Course 2, Physics and Chemistry. Applicants choosing EJU must submit the score sheet with validity.
- (ii) International Baccalaureate (IB). Applicants choosing IB must submit the scores of subjects including Mathematics HL, Physics HL and Chemistry HL.
- (iii) General Certificate of Education Advanced Level (GCE A-Level). Applicants choosing GCE A-Level must submit the scores of A-Level Mathematics or A-Level Further Mathematics for mathematics, A-Level Physics and A-Level Chemistry for science. Department of Mathematics strongly recommends that the applicants should submit A-Level Further Mathematics instead of A-Level Mathematics.
